FROM : [REDACTED]
Director of Communications

SUBJECT : Personnel Assistance to SAFE (U)

REFERENCE : ODP-1833-76, dated 17 September 1976

1. (C) In conversations with the SAFE Program Manager, members of my staff learned that SAFE will not require the assignment of three Electrical Engineers as projected in the Memorandum of Understanding attached to the reference. The assignment of [REDACTED] will, therefore, be cancelled and [REDACTED] will be reassigned to duties within the Office of Communications.

25X1A
25X1A

2. (C) It is intended that [REDACTED] will continue his duties as the Office of Communications assignee to SAFE and also provide the necessary liaison to obtain all additional engineering and communications security assistance needed. If the work load expands or is redirected to where additional assignees are required, we can return to the reference staffing plan or, if necessary, consider expansion beyond the limit of three engineers.

25X1A

3. (U) Please be assured we will continue to provide the personnel and assistance you require for the development and implementation of SAFE.
